IGNITING CHANGE
OUR MISSION

AGE-u-cate Training Institute develops and delivers innovative, research-based aging and dementia training programs for professional and family caregivers. We are igniting change in eldercare communities, home care, hospice, community-based organizations, hospitals, as well as universities and colleges, with innovative, person-centered care programs.

OUR PROGRAMS

DEMENTIA LIVE®

Dementia Live® is a high impact, dementia simulation experience that immerses participants into life with dementia, resulting in a deeper understanding of what it’s like to live with cognitive impairment and sensory change.

COMPASSIONATE TOUCH®

Compassionate Touch® is an approach combining skilled touch and specialized communication, shown to prevent behavioral expression in people with dementia and those who are at end-of-life.

FLASHBACK™

FlashBack™ is an interactive staff training activity that draws on the power of everyday items from the past to ignite the senses, evoke memories, and change relationships.

TRAINING THAT TRANSFORMS ATTITUDES AND ACTIONS
