

Become a Compassionate Touch[®] Authorized Coach

What is Compassionate Touch[®]?

It is a powerful, skilled touch approach that evidence shows is an effective non-pharmacological strategy to reduce behavioral expressions in dementia and end-of-life care. The gentle, hands-on techniques were developed with busy care partners in mind, giving them a practical tool that's easy to learn and integrate into daily care practices, while strengthening relationships with those they serve.

How Does It Work?

Compassionate Touch[®] is a cutting edge skilled touch program that:

Is Feasible - Uses existing resources | Easy for staff to learn | Practicality ensures sustainability

Is Effective - Eases physical and emotional distress | Promotes sleep | builds trust in caregivers | Provides a holistic personalized approach

Encourages Family Engagement - Provides a means for family to calm, comfort, and support their loved one | Enhances the family's experience as a member of the care team

Facilitates Staff Satisfaction - Reduces caregiver fatigue | Builds strong relationships | Aligns with person-centered core values and philosophy

Strengthens Marketability with a program that tangibly demonstrates commitment to culture change and staff development
